

Magic Jeanne at Canal Family Support Program *

Date: May 11, 2012

Host: Arlene Rudy

Essence Story by Arlene Rudy:

Magic Jeanne's magic begins long before her show does. Her energy and outgoing personality is infectious and many of the kids attending were following her every move long before the performance began.

She completely involves the audience members; many of the kids were picked to become part of the show, and they were clearly thrilled to be a part of the magic. Magic Jeanne clearly loves what she does (and she does it well!!); there were so many squealing, giggling kids that were clearly delighted to see so many illusions right in front of their eyes. As each trick finished, I heard kids say to each other: "How did she do that", "That is soooo COOL!" and "I want to do magic too!"

Between the hard driving musical accompaniment, the dazzling and varied illusions and so many of the kids being part of the show, I can easily say a good time was had by all. It was indeed a very magical afternoon.
